Sprint 5 Plan

Sprint Goal: One user story from sprint 4 carried over to this sprint (US12: Accept Rides). The driver should be able to accept or decline the rides that's on their feed. This sprint we will finish payment calculation and payment options through a third-party application. Passengers will be able to browse available drivers and passengers should be able to log out. There will be a live-chat system coordinating between passengers and drivers.

Team Capacities:
- Matthew:
  - Base capacity: 15 hours
  - Individual capacity: 15 hours
